#### **AIMS AND SCOPE**

Historical Studies on Central Europe (HSCE), published by the Faculty of Humanities Eötvös Loránd University, is a biannual English-language scholarly journal focusing on the history of Central Europe. Besides studies that specifically address the region's history, the editors welcome papers that bear methodological and/or theoretical relevance to the study of historical processes.

The double-blind peer-reviewed journal is dedicated for contributions from various fields of historical scholarship in a broad, interdisciplinary spirit, including ethnology and archaeology. The editors are committed to establish a review column with shorter and featured book reviews, as well as review articles critically approaching recent scholarly publications. Furthermore, HSCE publishes regular reports on current research projects for disseminating information about ongoing projects in Central Europe.

The open access journal is available in both printed and online formats.
